Where: Proper Rideshop Pump Track

Why: For those impacted by the Lahaina fire and to teach the youth the important value of giving back to the community.

How: Raising monies by using your skill strengths and working pump track laps on their skateboards, creating opportunities, collecting donations, formulating the amount and being physically prepared.

Rules and regulations:

1. You get 1 minute warm up at the start of your time
2. Laps must be done consecutively
3. You cannot get off the pump track nor can your board
4. Beginners can have their parents help up to 5 laps by holding their hands
5. HAVE FUN!

Tips about forms and donations:

*Proper Rideshop's Pump Track can be very difficult! It may be harder for some than it is for others. Take note depending on your level and consider having larger donations per lap for beginners compared to advanced (i.e. larger amount per lap for beginners and smaller amount per lap for advanced).

*$5 will be charged at registration which will be collected as registration fee
